

Malborough Annual Parish Meeting

17th April 2024

Gill Boyce – Malborough Feoffees Report

Malborough Feoffees is the second oldest in Devon (1573) and one of the eighty earliest to be found in England and Wales.

It once owned a large number of properties on Higher and Lower Town and the Square as well as properties in Salcombe and outlying hamlets.

It was set up to help the poor, improve education and aid the parish church.

Most of the properties have now been sold and the proceeds invested. The interest is used annually to help local people.

This last year we were able to help fund 10 emergency lifelines and 6 students in Higher Education.

If you know of any students or mature residents who could benefit please let me know.
